

Utah Lean Six Sigma Training Center is the premier Lean Six Sigma training provider in Utah. We provide highly interactive and focused courses for Lean Six Sigma Green Belt and Black Belt.

Utah Lean Six Sigma Training Center was founded because we believe in

the **FOUR A's**
 of training:

- **APPLICABLE**
- **AVAILABLE**
- **ATTAINABLE**
- **AFFORDABLE**

<p><u>APPLICABLE</u></p> <p>Currently available Lean Six Sigma training is very Six Sigma biased. However, a vast majority of businesses need a greater focus on Lean training. Utah Lean Six Sigma Training Center offers a more Lean-biased training curriculum.</p>	<p><u>AVAILABLE</u></p> <p>Utah Lean Six Sigma Training Center students have the opportunity to take the courses throughout Utah and throughout the year.</p> <p>Certification exams through AALSSC are included in every course.</p>	<p><u>ATTAINABLE</u></p> <p>Current Lean Six Sigma training can take months to complete. Utah Lean Six Sigma Training Center Green Belt and Black belt training courses each occur over 5 consecutive days.</p>	<p><u>AFFORDABLE</u></p> <p>Current lean six sigma training is very expensive, approaching \$10,000 for Green/Black Belt training combined. Utah Lean Six Sigma Training Center offers both courses, including certification exam, for less than \$4,000 combined.</p>
